REQUEST FOR EXCEPTION to HPHY PRE-REQS

Please read the following before completing the form.

Pre-req is short for prerequisite coursework and refers to any course that students must successfully complete before proceeding into another course. Pre-reqs are used to assure that students have the appropriate background training before enrolling in a course. Because of this pre-reqs are strictly enforced and exceptions are VERY rare.

Name _______________________________         Date _______________________________

ID# _______________________________         E-mail _______________________________

Course ________________ crn# ________________ Lab crn# ________________

Course ________________ crn# ________________ Lab crn# ________________

Total Credits Earned ___________         Anticipated graduation term ___________

Grades earned in prep core (or other) prereqs:

CH 221 ________________ BI 211 ________________ HPHY 211 ________________

CH 222 ________________ BI 212 ________________ HPHY 212 ________________

CH 223 ________________ MATH 246 ________________ Other ________________
or 251

Rationale for why an exception is warranted:

Office use only
Date reviewed ___________         Outcome
